

Service Bulletin No. 03-001

Issued date: 8/92

Revised: 11/00

**Subject: Pre-Delivery Inspection.**

Utility's Pre-Delivery Inspection should be performed after the first 500 miles. If the trailer has 100 miles or less at the time of delivery, at a minimum, the wheel nut torque should be checked.

The customer should be given an inspection form, requesting that his/her service person check the other items at 500 miles.

See "Pre-Delivery Inspection Sheet".
