Product Update:

Aftermarket Height Control Valves

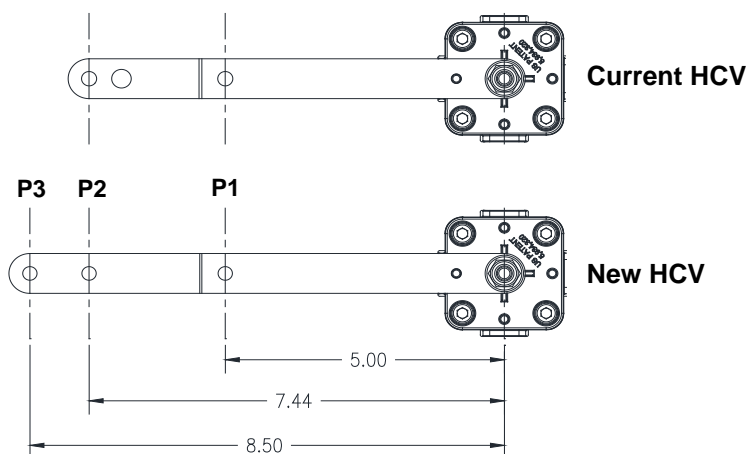

H[®] PRODUCT UPDATE

Aftermarket Height Control Valves

LIT NO: P56019

DATE: May 2015

Hendrickson Trailer Commercial Vehicle Systems announces a change to aftermarket Height Control Valves (HCVs). Beginning mid-June 2015, the HCV control arms will be extended in length by one inch and modified to include a third mounting hole. To determine the proper mounting hole for a specific suspension, refer to the chart below.

The function of the height control valve is unaffected by these modifications. This control arm change applies to Hendrickson aftermarket replacement HCVs only and current replacement part numbers are unchanged. Therefore, VS-227 and VS-227-BK (Standard HCV), and VS-228 (Integral Dump HCV) aftermarket kits will include the new HCVs. Components are fully reverse compatible. Please note, these replacement valves are designed to work on all Hendrickson suspension models **excluding** VANTRAAX[®] ULTRAA-K[®].

As always, Hendrickson is committed to providing world class products and exceptional customer service. Please contact your Hendrickson Sales Representative or call 1-866-RIDEAIR (743-3247) if you have questions regarding this change.

SUSPENSION MODEL *	LOWER HCV BRACKET LOCATION	HOLE
INTRAAX [®] - AANT, AAT, AANL, AANLS	Attached to brake chamber bracket	P1
VANTRAAX [®] - HKANT, HKAT, HKARL		
INTRAAX-SP - AAZNT		
HT™ Series - All non "US" models		
HK™ Series - All		
HS Series - All		
INTRAAX - AAL, AAEDL, AAEDT	Attached to air spring pedestal	P2
VANTRAAX - HKAL		
INTRAAX-SP-AAZL		
HT Series - HT250US, HT300US		
VANTRAAX - HKANT, HKAT	Attached to air spring pedestal	P3

* For VANTRAAX ULTRAA-K, use VS-33704-3 (HCV) and VS-33705-3 (HCVD) aftermarket replacement valves.

Call your trailer dealer or Hendrickson at **330.489.0045** or **866.RIDEAIR (743.3247)** for additional information.
